How to...

# GET STARTED

One of the great attractions of the sport is that we don't sail on our own,

***there are over 100 clubs affiliated to the MYA***

and contacting your nearest one for help and advice could not be easier. The MYA has a full list of member clubs which can be viewed by visiting the MYA website.

### ***Contact your local club***

before any decision is made about getting a boat – very few clubs sail all the classes and much of the fun in sailing is pitting you and your boat against equal equipment.

### ***Most clubs sail at least two of the classes***

usually a one design and one of the international development classes.

### ***Theres plenty of racing***

most clubs sail on multiple days through the week as well as on the weekend, so you'll find a day to suit your families schedule.
