

Annual General Meeting - 28th November 2020

Proposal for consideration

Motion Proposed

That the Imposed requirement for Official Measurers (OM's) to go through an RYA training course be put to the membership for acceptance.

Background / motivation / justification:

This requirement takes the responsibility out of the hands of the MYA and places it with another association. In addition it places a financial burden on the OM's to maintain their RYA accreditation year on year.
