

## 2022 MYA Midlands District Event Calendar (provisional).

To all Midland District club secretaries,

Earlier this year (2021) the Committee had to make drastic changes to the Midland District calendar because of Government restrictions due to Covid 19, and so we created a 2021 calendar from June onwards. This also started a discussion as to what was possible in the future, and it was also the ideal break so we could review exactly what the district club skippers wanted from their event sailing.

Firstly, the original format of the calendar was too crowded, this was noticeable with there being no free weekends and a reducing number of skippers attending events due to clashes. Secondly, the workloads on some clubs were increasing and so their skippers were missing out on sailing. This led to the review and the following structure which aims to provide racing for the classes of boats that are popular and sailed regularly in our district.

The winter IOM series (IOMMDWCS) is reduced to three races between November and February.

The summer IOM series (IOMMDCS&C) is four rounds between March and October.

The 6m champion skipper (MD6MCS) remains at four rounds between March and October.

The Marblehead Champion skipper (MDMCS) is four rounds between March and October.

The A class champion skipper is one day and is usually part of the PRACC series being hosted by a midland club.

The 36-class champion skipper is one day and is usually the best midland skipper at the 36 national championship.

The RG65 champion skipper is one day and is the best midland skipper at one of the midland hosted TT series.

Finally, we had decided to add a new one to the list and that is the DF95 champion skipper, for the coming year it will be the best midland skipper at the DF95 National at Two Islands RYC.

That gives us **19** event days in the Midland District for 2022, so it leaves room in the calendar for you to do club events, or travel to the MYA National or Ranking events. For those who do not wish to travel very far we still have a wide range of events for you in our district.

So, thanks to the midland district clubs and their secretaries who have offered to host events for us in 2022, and the provisional list is:

### IOMMDWCS. IOM class.

05.12.2021 Manor Park RSC.

16.01.2022 Bournville RS&MBC.

13.02.2022 Lincoln RSC.
