

Annual General Meeting - 26th November 2022

Proposal for consideration

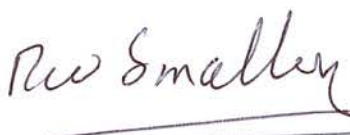

Motion Proposed

'To revive the 2003 agreement with the RYA to delegate to the MYA the responsibility to appoint Official Measurers.'

Background / motivation / justification:

Whilst there had been promises of a new agreement with the RYA during the year, no detail had been published at the time of preparing and issuing this document. This motion was prepared to ensure that at least the 2003 RYA/MYA agreement that worked well, could be used to set up a better arrangement than was currently published and which was proving to be unworkable.
